

HEADQUARTERS GROUNDBREAKING
HELD JUNE 26 IN MADISON

Rain and a chill breeze gusting along Madison's West Beltline Highway did not dampen enthusiasm at groundbreaking ceremonies for the new WHA Headquarters Building on Friday morning, June 26.

Attorney General Robert Warren brought greetings from the State, and Mayor William Dyke extended a welcome from the City of Madison. Both speakers assisted in the groundbreaking with Eugene Arnett, WHA president; members of the WHA Building Committee; Harold Guntner, Executive Director of the Hospital Council of Greater Milwaukee Area; and Warren Von Ehren.

Special guests included Mrs. Harold Kugler, president of the WHAA; Madison hospital administrators; Bob Haskins, Blue Cross; representatives of WRMP and health planning groups, WHA staff members and representatives of "West Side" businesses.
