Subject: CheckPoint Alert: 2021-22 Healthcare Personnel Influenza Immunization (IMM-3) Preview Report Available.

Preview results are available for Healthcare Personnel Influenza Immunization rates (NHSN's IMM-3 measure) for the 10/1/2021-5/15/2022 season. These results will be released to the public reports on 8/5/2022.

To view the preview report, click on the **Hospital Login** option on the orange menu bar and log-in. Then click **Preview Report** and select a hospital and click on the *Patient Safety – All Patients* measure family.

The Preview Report provides the Lower and Upper Confidence Limits (LCL and UCL) as calculated by NHSN. These are used to determine the star rating as described under **Resources > For Hospitals > CheckPoint Star Rating**.

Please let me know if you have any questions or concerns about the data.

Alistair
