

## Pritchett Joins WHA Quality Improvement Team; Lindwall Promoted

Jenny Pritchett is WHA's newest clinical quality improvement manager and will be working on hospital quality improvement contract (HQIC) work through Superior Health, readmissions reduction, improving mobility, as well as other projects down the road.

Pritchett most recently worked for Crossing Rivers Health in several senior leader roles and has 27 years of health care experience in the areas of executive health care leadership, nursing leadership, behavioral health, inpatient, emergency services, rehabilitation services, safety, quality, emergency preparedness, Joint Commission, infection control, and hospital and clinics operations.

Pritchett shares, "I'm excited to be a part of the WHA family! WHA is such a progressive and innovative organization that has played a major role in the high quality of health care in Wisconsin. WHA has been an incredible resource in my career over the years and I'm so honored to join the team."

*Jill Lindwall*

### **Lindwall promoted**

Jill Lindwall has been promoted to quality director effective May

8. She will assume supervisory responsibilities for most of the quality improvement team and will continue to devote her time to the expanding grant opportunities for work on opioid and substance use disorders and health care worker wellbeing in addition to preparing for new funding sources.
