

Community Benefit Stories for 2023 Report Due Tomorrow

Sept. 8 is the deadline for submitting stories to WHA for inclusion in its 2023 Community Benefits Report. These stories are an important component of WHA's Community Benefits Report, in addition to Wisconsin hospitals' financial contributions to community development initiatives. These stories will be shared with legislators and other health care stakeholders and decisionmakers throughout the state, providing you an opportunity to draw attention to your report submission. You can view last year's report and hospital stories [here](#).

We are looking for new stories in the following areas:

- Charity Care/Free Clinics
- Growing and Developing Our Health Care Workforce
- Hospital-Supported Initiatives
- Addressing Health Equity

Each hospital may submit **one story in each area** above for consideration, with a **maximum of 300 words** per story. Ideally, we would like to be able to include a story from every WHA member hospital in the report.

Stories and photos should be submitted using WHA's [online form](#).

If you have any questions, contact WHA Publications Manager Shannon Nelson at snelson@wha.org.
