

## Only One Week Remains to Register for the 2024 WHA Health Care Leadership Academy – Act Now!

This is your last opportunity to register for the 2024 WHA Health Care Leadership Academy. Partial scholarships are still available.

### Agenda Update

To best reflect the current health care climate, the *Ethics in Healthcare* component has been updated and improved.

### Understanding Values, Navigating Ethical Issues, and Incorporating the Inclusion and AI Imperatives in Healthcare

#### Learning Objectives

- Relay a minimum of three areas of ethical consideration within health care.
- Facilitate discussions with organizational health care leaders to assess individual values, internal/external organization culture and ethics alignment.
- Identify the impact and opportunities of two imperatives —artificial intelligence and inclusion —across generations, worker capabilities, and the health care competitive landscape; understand how values and ethics guide leader responsiveness to these imperatives.

Click [here](#) for more information, including registration and complete agenda.
