

Save the Date: Substance Use Disorders Management Boot Camp

A Substance Use Disorders Management Boot Camp workshop will be available in La Crosse on Oct. 12 and 13. The training aims to enhance confidence and competencies related to the management of substance use disorders in general medical settings. Through case-based and interactive didactic content, the workshop will explore issues related to assessment, monitoring, prevention, and management in the setting of unhealthy substance use.

This training is intended for clinicians/care teams in primary care settings who wish to expand knowledge related to the medical management of opioid and alcohol use disorders.

More information and a link to register will be available soon. For more information, visit <https://www.fammed.wisc.edu/protea/> or contact WHA Quality Director [Jill Lindwall](#) or Outreach Specialist [Kathleen Maher](#).
