Physician Leadership Development Conference: June 16-17

The annual WHA Physician Leadership Development Conference, taking place June 16-17 at the KI Convention Center in Green Bay, is structured to meet the leadership development needs for developing physician leaders and senior physician leaders, as well as their senior leader hospital administrators.

Physician leaders must represent both clinical and management interests. They are often challenged to move beyond their clinical expertise as they are asked to problem solve, lead their clinical colleagues, and manage needed change in a rapidly evolving health care environment. These challenges and opportunities form the basis of the WHA Physician Leadership Development Conference programming.

Unique to this year's conference is a dinner reception at legendary Lambeau Field on the evening of Thursday, June 16. Participants are welcome to bring a guest for an additional cost.

The registration deadline for the WHA Physician Leadership Development Conference is June 1. For more information on the 2022 conference, including registration, click [here](#).
