

Substance Use Disorders Management Boot Camp in Picturesque Door County, Wisconsin: Save the Dates

Join us this fall for a Substance Use Disorders Management Boot Camp in beautiful Door County, Wisconsin Sept. 19-20, 2024. Enhance your skills in treating individuals with substance use disorders in primary care and community settings.

This two-day workshop is designed to strengthen your confidence and competencies in managing substance use disorders within general medical settings. Through interactive case studies and comprehensive sessions, you will explore vital topics including assessment, monitoring, prevention, and effective management of unhealthy substance use.

Don't miss this invaluable training opportunity to elevate your ability to make a difference in the lives of those affected by substance use disorders.

A registration link will be shared soon. To receive notification when it becomes available, email [Jill Lindwall](mailto:jill.lindwall@waha.org). For more details, click [here](#).
