

Office Hours

Purpose: Office Hours are available as a forum for providers to discuss clinical issues related to the management of patients with substance use disorders in the general medical setting.

Consultation Support: Provided by Dr. Randy Brown, UW-Madison, who specializes in the treatment and prevention of substance use disorders and their complications in settings outside of the specialist treatment environment.

He will be available to provide clinical support on questions such as managing patients with at-risk alcohol use and use disorder, prescription-controlled substance issues, Opioid Use/Substance Use management, and more. Questions can be on broader management topics or specific to a patient in your care.

Target Audience: Providers and Advanced Practice Practitioners who treat people with people with a substance use disorder (SUD), alcohol/drug problems, or struggling with addiction

When:

Every third Tuesday of the month from 12 - 1 p.m.

October 2023 through September 2024
