## WHA Launches an Improved Website

Wisconsin Hospital Association (WHA) has officially unveiled an improved website. The team spent a significant amount of time researching best practices to elevate the user experience. Some of the major enhancements include:

**Better search functionality** – find exactly what you’re looking for faster and easier.

**A fresh, modern design** – this sleek, user-friendly and intuitive new design makes the website much more navigable.

# Advocacy

## Key Issues

### Medicaid Reimbursement

WHA has advocated for a Medicaid program that preserves access to care for our most vulnerable citizens...

[→ Read more](#)

### Price Transparency

Significant investments have been made in technology and staffing to adopt federal hospital price transparency requirements...

[→ Read more](#)

### Workforce

Among the many issues facing the field of health care, none is more important than solving the growing workforce crisis...
