

New Salary Survey Launches in January 2023

Workforce resource for WHA and WisHHRA members

WHA, in partnership with the Wisconsin Healthcare Human Resources Association (WisHHRA), will be launching a new salary survey in January 2023. The survey, and statewide and peer group results, will be available to member participants at no cost. The inaugural co-branded WHA-WisHHRA survey will collect salary information as of Jan. 1, 2023, and results will be available to participants in late March or early April 2023.

There will be a [webinar](#) held on Wednesday, Dec. 14, 2022, from 11:30 a.m. – 12:30 p.m. Join us for an opportunity to preview the salary survey site, online and bulk upload data submission, and options for participants to utilize standard peer groups or easily create your own. There will also be an opportunity for Q&A at the end of the webinar.

WHA and WisHHRA expect great participation and are committed to providing a survey and reporting that will be a meaningful resource for assisting hospitals and health systems as they work through the many workforce issues facing the industry.

For more information regarding this webinar, including registration, click [here](#). If you have questions please contact WHA Senior Vice President, Workforce and Clinical Practice [Ann Zenk](#) or WHA Information Center Vice President [Jennifer Mueller](#).
