Hospital Board of Directors Day of Learning – 2024

WHA is proud to announce an education learning day for hospital board of directors and their respective CEOs. This dynamic education, offered by WHA Corporate Member Quarles & Brady LLP, will be held on May 8, 2024, both in-person in Madison and virtually.

This day is specifically designed to provide training, refreshers and updates on key legal compliance issues and fiduciary responsibilities for members of hospital boards of directors. The hospital law team from Quarles will provide education on board member duties, an overview of key health care regulatory issues and legal risks, guidance on managing medical staff matters from a board perspective, an update on important new legal developments in the last year, and practical tips for the scope of board involvement in hospital operations.

For more information, including registration, please visit the event page at [2024 WHA Board of Director Day of Learning](#).
