

Seeking Input from WHA's Valued Hospital Leaders – WHA Workforce Well-Being Survey Deadline April 21

Maintaining the well-being of Wisconsin's health care team is critically important, as highlighted in the WHA [2023 Health Care Workforce Report](#) released March 28. In partnership with physician leaders from Froedtert & Medical College of Wisconsin, Children's Wisconsin, and UW Health/University of Wisconsin School of Medicine and Public Health, WHA is looking for your input to help better understand the well-being resources and programs that exist within your organizations. The well-being survey is part of a project funded through an Advancing a Healthier Wisconsin community-led seed grant.

We are asking for your feedback to help. **Please take a few moments to complete the [Workforce Well-being Survey](#)** (or copy and paste this link <https://forms.office.com/r/MEFXXQNXG0> into your browser).

The information will be used to establish a baseline of workforce well-being programs and resources in Wisconsin and guide future efforts to support the well-being of Wisconsin's health care workforce.

Your contribution is highly encouraged. Please share with your fellow hospital leaders. **The survey deadline is April 21, 2023.**

For more information or questions, contact WHA Chief Quality Officer and HEALtHy WI Program Sponsor [Nadine Allen](#) or WHA Clinical Quality Improvement Manager and HEALtHy WI Program Director [Jill Lindwall](#).

HEALtHy WI is the Health and Well-Being Environmental Assessment for Lasting Healthcare Workforce Resiliency in Wisconsin project.
