

Announcing the 2022 WONL Conference - Innovative Leadership: Laugh, Learn, Lead

Join nursing leader colleagues for the Wisconsin Organization of Nurse Leaders (WONL) Conference, an annual event focusing on leading and developing nurses. Throughout the conference, learn how leadership is changing, ways to affect that change, and principles that leaders can use to empower, energize and inspire themselves and those they lead.

This year, the conference will be held September 14-16 at The Ingleside Resort in Pewaukee. The agenda is rich in content and includes a keynote presentation by national nurse leader Kathleen Bartholomew, RN, MSN on *Innovative Leadership in the Face of Health Care Reform*.

For full conference information, including agenda, speaker bios and to register, click [here](#). Questions regarding the WONL conference can be directed to education@wha.org.
